DIARY

Special Asst. (Admin.) to DD/I

Tuesday, 24 February 1953

25X1A9a

1. Discussed with [redacted] of O/RR Geographic, their proposal for utilizing a stamp indicating "Special Handling" on maps, engineering drawings and related materials received in the Agency which must be protected because of the competitive nature of the information. I agreed to ascertain if DD/A had any interest in concurring in the stamp for central control purposes. The draft explanation to users of the material carrying the stamp will then be referred to O/CD for dissemination to the Department of Defense, State, FBI, and AEC.

3. Met with [redacted] O/SI, [redacted] Chief of the Biographic Division, O/CD, and [redacted] O/CD, to discuss their request for an authorization to spend \$37,000 for making three prints of microfilm reels involving 200,000 cards. The cards would contain information as to author and an abstract of scientific literature which had been secured from the [redacted]

As the request involved undertaking the initial steps of an O/SI plan costing approximately \$200,000 for establishing scientific data by author and subject matter, I recommended that no further action be taken until the pending PRC project is appropriately coordinated and submitted for review and approval. The project initially drafted by O/SI last Fall has been pending review in O/CD. I later advised both [redacted]
